SUMMARY

Computer Science Engineering student with a basic understanding of web development and a growing interest in the MERN stack and backend technologies. Able to work in team settings, willing to take on challenges, and continuously learning through hands-on projects and internships. Looking for opportunities to improve skills and contribute to real-world applications.

EDUCATION

RGUKT Basar
Telangana, India
*Bachelor of Technology in Computer Science Engineering (**CGPA: 8.38/10**)*
Nov 2022 – Nov 2026

RGUKT Basar
Telangana, India
*Pre University Course in MPC with IT and Python specialization (**CGPA: 8.36/10**)*
Nov 2020 – Nov 2022

EXPERIENCE

CodeAlpha Internship
JUN 2025 – JUL 2025
Full Stack Development

- Completed a virtual internship focused on full stack web development using the MERN stack (MongoDB, Express.js, React.js, Node.js).
- Developed a fully functional e-commerce website with features such as product listing, authentication, and shopping cart.
- Built a social media web application similar to Instagram with features like user authentication, post sharing (images/videos), likes, follows, and profile editing.

PROJECTS

E-commerce Store   *React.js, Node.js, MongoDB, Express.js, CSS*   GitHub

- Developed a full-stack online shopping platform with product listings, user authentication, cart management, and order history.
- Built secure user authentication using JWT and implemented role-based admin features.
- Created RESTful APIs for product, user, and order management.
- Deployed on platforms like **Render (backend)**, **Vercel/Netlify (frontend)**, and used **MongoDB Atlas**.

Social Media platform   *React.js, Node.js, MongoDB, Express.js, Material UI*   GitHub

- Built a responsive social media platform similar to Instagram, enabling users to share posts with images/videos, like, and comment.
- Implemented user authentication, follow/unfollow functionality, and profile editing with image upload.
- Used Redux for state management and Multer for handling media uploads.
- Deployed using cloud platforms and ensured real-time feed updates.

Portfolio Website   *React.js, JavaScript, HTML, CSS*   GitHub

- Developed and deployed a personal portfolio website using **React.js** at `yakanna-portfolio.vercel.app` to showcase skills, projects, resume, and contact information.
- Integrated resume download feature, mobile-responsive layout, and modern UI with reusable React components.
- Deployed the site using **Vercel** for fast and reliable hosting.

TECHNICAL SKILLS

Subjects	:	Data Structures Algorithms, DBMS, Operating Systems, OOP
Languages	:	Java, Python(Basics), C
Frameworks	:	React.js, Express.js, Node.js, CSS
Databases	:	MongoDB, MySQL
Dev Tools	:	Visual Studio Code, Git, GitHub

CERTIFICATIONS

- CodeAlpha Internship Certificate – Full Stack Development
- Problem Solving Certification – HackerRank
- SQL Certification – HackerRank
- Java Programming – Infosys Springboard
